## LITTLE BOY VERY WEAK

### Mother Tells How Vinol Made Him Strong.

New York City.—"My little boy was in a very weak, delicate condition as a result of gastritis and the measles and there seemed no hope of saving his life. The doctor prescribed cod liver oil, but he could not take it. I decided to try Vinol—and with splendid results. It seemed to agree with him so that now he is a strong, healthy boy."—Mrs. Thomas Fitzgerald, 1030 Park Ave., New York City. Vinol contains beef and cod liver peptones, iron and manganese peptones and glycerophosphates, which make it a constitutional remedy which creates an appetite, aids digestion and makes pure, healthy blood. Children love to take it.

We will return your money if Vinol fails to benefit you.
